SOTC MATH COMPETITION
INSTRUCTOR HANDOUT

THE GAME IN 30 SECONDS

1. Show problem → kids solve at their tier
2. Timer ends → pencils down
3. Show answers → captains check
4. Bonus points for good questions or finding mistakes
5. Captain reports Yes/No for each tier → record score → next round

TIER LEVELS

Tier	Who Does It
TIER A	Grades 1-3
TIER B	Grades 4-7 (including captains)
BONUS	Anyone who finishes early

THE LEVEL-UP RULE:

✓ Younger kid does harder tier = **COUNTS** (leveling up!)
✗ Older kid does easier tier = **DOESN'T COUNT**

Example: 5th grader does Tier A = NO points. 2nd grader does Tier B = YES points.

SCORING

What	Points
Team got Tier A correct (by a Gr 1-3 student)	**2 pts**
Team got Tier B correct (by a Gr 4-7 student)	**2 pts**
Team got Bonus correct (anyone)	**2 pts**
Good question asked	**+1 pt**
Found mistake in answer	**+3 pts**

MAX BASE SCORE PER ROUND = 6 pts

ROUND TIMING (5 min total)

Time	Action	What to Say
0:00	Show problem	*"Eyes on screen. Tier A is... Tier B is..."*
0:30	Start timer	*"3 minutes. GO!"*
3:00	Warning	*"30 seconds!"*
3:30	Stop work	*"PENCILS DOWN!"*
3:30	Show answers	*"Here are the answers. Captains, check your team."*
4:15	Bonus points	*"Any questions? Anyone find a mistake?"*
4:30	Collect scores	*"Captains, report. Tier A yes or no?"*
5:00	Next round	Update scoreboard, move on

COLLECTING SCORES

> *"Red Team—Tier A, yes or no? Tier B? Bonus?"*
> *"Blue Team—Tier A, yes or no? Tier B? Bonus?"*
> *(repeat for Gold, Green)*

Circle Y or N on score sheet. Add points. Done.

LATE ARRIVALS

Step	Action
1	Ask: *"Name? Grade?"*
2	Assign to smallest team
3	*"Grab paper, sit with [team]. Do Tier [A/B] based on your grade."*

Takes 10 seconds. They're in.

TROUBLESHOOTING

Problem	Solution
No captain on team	Oldest student reports
Older kid claims Tier A	*"Doesn't count—do Tier B"*

Team has no young kids	They skip Tier A points that round
Team has no older kids	Young kids can level up to Tier B
Kids talking during work	*"Silent work time!"*
Argument about answer	You have final say. Move on.

OPENING SCRIPT

"Welcome to the Math Competition!

I show a problem. Solve it at YOUR level—Tier A for grades 1-3, Tier B for grades 4 and up.

Important: You can level UP but not DOWN. If you're in 4th grade or higher, Tier A doesn't count for you.

When timer ends, pencils down. I show answers. Captains check your team and report yes or no for each tier.

Bonus points if you ask a good question or find a mistake in my answer.

Team with the most points wins. Let's go!"

CLOSING SCRIPT

"Let's add up the scores!

Red Team total... Blue Team... Gold... Green...

The winner is [TEAM]! High-fives all around!"
